

INNOVATIVE DESIGNS IN THERMOCOUPLE TECHNOLOGY

DIRECT FROM THE MANUFACTURER

AVAILABLE IN FOUR
DIFFERENT TRANSITION SIZES

- Mineral Insulated Thermocouples manufactured with a molded transition that endures intensive use
- Thermocouple diameters available from .020" to .375"
- Grounded, ungrounded, and exposed tips available
- The unique transition design is available in colours to match ASTM standards or OEM company colours
- Smallest transition size in the industry - ideal for Hot Runner Systems
- The molded transition's low co-efficient of expansion and moisture-resistant capabilities are excellent for exposure to liquids
- Private labeling available with your company name and logo molded into the transition
- Prompt delivery

ZESTA thermocouples, widely used by the injection molding industry, are known for their high quality & come with a one year material & workmanship warranty. Dealing directly with the manufacturer provides improved pricing & quick delivery.
